Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program without the prior written consent of the student’s parent/guardian. For the purpose of this policy, “instructional material” does not include academic tests or assessments.

All instructional materials, regardless of format, including teachers’ manuals, films, tapes or other supplementary material which will be used in connection with any such survey, analysis, or evaluation shall be available upon request for inspection by the student’s parent/guardian, or of the student, if he/she is 18 years of age or older. Academic tests and assessments are not included.

A parent may inspect, upon request, a survey created by a third party before the survey is administered or distributed to a student.

The Superintendent/designee will be responsible for implementing any procedures necessary to protect the privacy of participating students and to provide parents with access to surveys within a reasonable time before administration or distribution.

The schools will notify parents of this policy at least annually at the beginning of the school year and within a reasonable time of any substantive change in policy. Insofar as practicable,* schools will also directly notify parents annually at the beginning of the school year when surveys, analyses, or evaluations are scheduled or anticipated. Parents shall have the opportunity to opt out of such surveys, analyses, or evaluations.

Surveys of Students (Student Privacy), continued

**"Insofar as practicable" acknowledges that there may be circumstances in which a research request is made or is approved only after the school year has begun. When this occurs, the school unit should notify parents far enough in advance for them to access surveys and related instructional materials and to opt their children out, if desired.*
