

We were busy in Kindergarten at Washington School during the month of February. To celebrate Black History Month, we made hats and learned a new song in honor of Rosa Parks. We read stories about Abraham Lincoln and George Washington. Did you know that George Washington loved animals and had a favorite dog named Sweetlips? We watched a video that taught us all about taking good care of our teeth, and we celebrated fifty years of The Cat in the Hat by Dr. Seuss. We're reading better every day and we're learning a bunch of new words. We can't wait until spring when we can go outside on the Playscape. No more snow, please!
