

Dear Wallace parents, staff, and students,

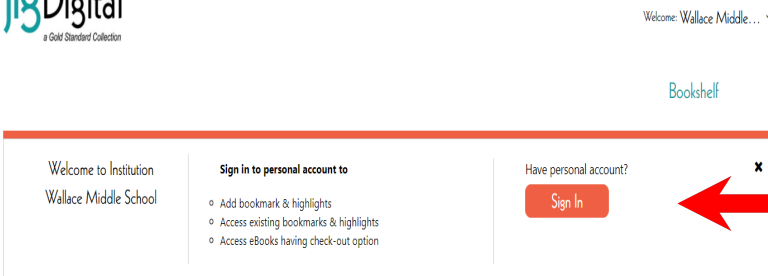

We are very happy to announce our subscription to JLG Digital, a digital book platform, that will give you access to a variety of eBooks and audiobooks that you can enjoy at home.

- **Students will have unlimited access to a variety of genres in eBook and audiobook formats on their devices.**
- **Because this is a streaming service, books remain on the digital bookshelf between 60-90 days, with new books moving in and out of the stream every month.**

The JLG Digital link below will provide students with general access to the books.
