

Principal's Message

Greetings Gilmartin Parents and Guardians,

I am honored and humbled to serve as Principal of Gilmartin School. Our school prides itself on empowering and inspiring diverse learners to become empathetic, responsible, and contributing citizens. We value education to the highest degree and want to ensure that our school environment is conducive to success across all areas. After all, our students deserve the very best!

In order for us to maximize a safe, positive and successful environment, we are counting on our entire school community to partner with us. Our amazing staff members are committed to providing a robust and relevant learning experience, using every opportunity to make a positive impact. Collectively, I am confident that we can set the stage to engage all of our students and families in ways that promote excellence across all areas.

We look forward to an amazing school year! Let's Go Gators!
Sincerely,

Christina Moore
