* A student has eight (8) consecutive semesters or four (4) consecutive years of eligibility from the date of entry into the ninth grade to be eligible for interscholastic competition. Date of entry is defined as the first date of enrollment as a grade 9 student taking four (4) or more high school subjects. (1) Students who are not eligible or elect to not participate do not preserve additional semesters for use at a later time. That is, there is no fifth year of eligibility per se.

NOTE: *The use of this checklist does not absolve the athlete of the responsibility of checking eligibility against the complete rules and regulations contained in the document entitled “Rules of Eligibility and Control for Boys and Girls High School Athletics in Connecticut”, effective July 1, 2016.*

STUDENTS MUST NOT DETERMINE THEIR ELIGIBILITY. THIS IS THE RESPONSIBILITY OF THE SCHOOL. This checklist is for the coach, athletic director, principal, assistant principal, guidance counselor or athlete to enable him/her to become aware of the CIAC and WPS rules of eligibility.

Student-Athlete Eligibility Policy, continued**High School**

In the event that a student is deemed academically ineligible to play, coaches may elect, at their discretion, to require the student-athlete to continue to attend and/or participate in practices with the team while ineligible to compete in game play. Coaches may elect to accommodate a student in such a manner for up to one (1) full marking period, maximum. Changes to a student's academic eligibility status will be determined for all students on the date that report cards are distributed or on the fourteenth calendar day following the end of the marking period, whichever comes first, per CIAC Board of Control policy.

Summer School passing grades may be used to satisfy the four (4) passing subject areas pursuant to CIAC regulation 1.B.

Equivalent passing grades for any/all summer school courses shall be computed as the equivalent of a seventy (70) and commensurate 1.67 GPA solely for the purpose of determining athletic eligibility.

Equivalent passing grades for any/all district-approved online courses shall be computed as the actual numeric grade earned online, and the corresponding GPA conversion calculation awarded the student for the purposes of determining athletic eligibility.

Enforcement of compliance with the policy subsequent to July 1, 2016 is a directive from the Superintendent that is backed by her full authority.

Non-compliance with the policy is subject to disciplinary action(s) from the Superintendent, and may also be subject to a full range of CIAC sanctions, including forfeiture, suspension and fines as enumerated in the "Rules of Eligibility and Control for Boys and Girls High School Athletics in Connecticut", effective July 1, 2006.

Unified Sports

For the purposes of determining the eligibility of either a student with intellectual disabilities AND their non-disabled partners, the WPS High School academic eligibility provisions will NOT apply – the sole considerations for partnering disabled and non-disabled peers will be those articulated by the CIAC Board of Control (Appendix A) and those determined, in the best collective judgement of the school faculty and staff, regarding the overall suitability of such personalized partnerships on a sport-by-sport basis.

CIAC Eligibility Checklist for participation in Unified Sports:

- General Statement of Eligibility – Every person with intellectual disabilities who is at least five years of age is eligible to participate in Unified Sports.
- A student who has a special education identification of intellectually disabled can participate in the CIAC-sanctioned Unified Sports program prior to reaching his/her 22nd birthday. This student must be enrolled in a CAS-CIAC member school with a documented individual educational program approved by the pupil placement team at such school.
- The minimum age requirement for participation in Unified Sports is five (5) years of age.

Student-Athlete Eligibility Policy, continued**High School**

- Degree of Disability – Participation in Unified Sports training and competition is open to all persons with intellectual disabilities who meet the age requirement of this Section, regardless of the level or degree of that person’s disability, and whether or not that person also has other mental or physical disabilities, so long as that person registers to participate in Unified Sports as required by these General Rules.

- Identifying Persons with Intellectual Disabilities – A person is considered to have intellectual disabilities for purposes of determining his or her eligibility to participate in Unified Sports if that person satisfies any one of the following requirements:
 - The person has been identified by an agency or professional as having intellectual disabilities as determined by their localities; or
 - The person has a cognitive delay, as determined by standardized measures such as intelligent quotient or “IQ” testing or other measures which are generally accepted within the professional community in that accredited program’s nation as being a reliable measurement of the existence of a cognitive delay; or
 - The person has a closely related developmental disability. A “closely related developmental disability” means having functional limitations in both general learning (such as IQ) and in adaptive skills (such as in recreation, work, independent living, self-direction, or self-care). However, persons whose functional limitations are based solely on a physical, behavioral, or emotional disability, or a specific learning or sensory disability, are not eligible to participate as Special Olympic athletes, but may be eligible to volunteer for Unified Sports.

UNIFIED PARTNER ELIGIBILITY**Definition**

Special Olympics Unified Sports is a program that combines approximately equal numbers of Special Olympics athletes and athletes without intellectual disabilities (partners) on sports teams for training and competition. Age and ability matching of athletes and partners is specifically defined on a sport-by-sport basis.

Partner Eligibility

Though the above definition allows for partners with disabilities other than intellectual disabilities, Unified Sports was developed to provide Special Olympics athletes with the choice of a sports program that brings about meaningful inclusion with their non-disabled peers.

The spirit of Unified Sports intends to introduce opportunities to those Special Partners who do not qualify/play at a varsity or junior varsity level to participate on a Unified Sports team. However, Unified Sports programs would be remiss if we did not allow all non-intellectually disabled (ID) students to qualify as Special Partners. Further options would allow a Special Partner to participate on a Unified Sports team as a practice only partner, assistant coach, or a one-on-one aide. A varsity or junior varsity athlete may compete as a Special Partner in any Unified Sports sport season that is a different sport season than the varsity or junior varsity athlete is qualified in.

Student-Athlete Eligibility Policy, continuedMiddle School Checklist

2. () Maintained a numerical average of 70.0 or higher OR a 1.67 GPA during the marking period preceding and during the student's participation (see conversion table attached). Changes in a student's academic eligibility status commence on the date of district report card distribution.
3. () Is an enrolled student in the school for which playing, or within its district while attending a public school of choice.
4. () Has not changed schools without parents moving within the district or school service area.
5. () Has not played more than two (2) seasons of the same sport after entering grade eight.
6. () Has not turned 16 years of age before July 1 preceding the school year.
7. () Has not been on more than one school team in the same season nor represented more than one school during the same season at the same time.
8. () Has not received a salary or personal economic gain for playing the sport or competed under an assumed name.
9. () Has not been recruited to attend this middle school solely for athletic purposes.
10. () Is complying with all additional school rules and regulations.
