

Greetings,

It brings me great pleasure to welcome you to the Early College High School (ECHS) here at Crosby High School. In partnership with Post University, our program is uniquely designed to afford Waterbury Public School students the opportunity to earn a high school diploma as well as an Associate's Degree through concurrent enrollment in high school and college courses during their time in the ECHS. Students participating in the program have the opportunity to take advanced courses beginning in their freshman year as well as college courses in a supportive environment where student accountability and academic rigor are integral in shaping their overall experience. As a part of their college and career readiness, ECHS students will have the opportunity to explore 21st century career pathways including Accounting, Criminal Justice, Early Childhood Education, Legal Studies, Management, and Marketing.

As Crosby students, ECHS students also have the opportunity to participate in the wide array of extracurricular activities that we have to offer here including varsity sports, interest clubs, volunteer opportunities, and student leadership organizations.

We truly believe in Waterbury and we believe in the ECHS's ability to change the lives of our Waterbury students, their families, and ultimately their communities. Our partnership with Post University, a national-recognized, regionally-accredited university nestled here in our historic Waterbury community is one of a kind, creating opportunities for students to attend real college classes online as well as on its picturesque campus on the city's western border.

Please feel free to contact us here at the school at (203) 574-8061 or visit the Crosby website for more information.

Sincerely,

Mr. Sean M. Mosley, J.D.
Administrator of the Early College High School at Crosby
